

LOCKOUT / TAGOUT BEST PRACTICES

Key Points

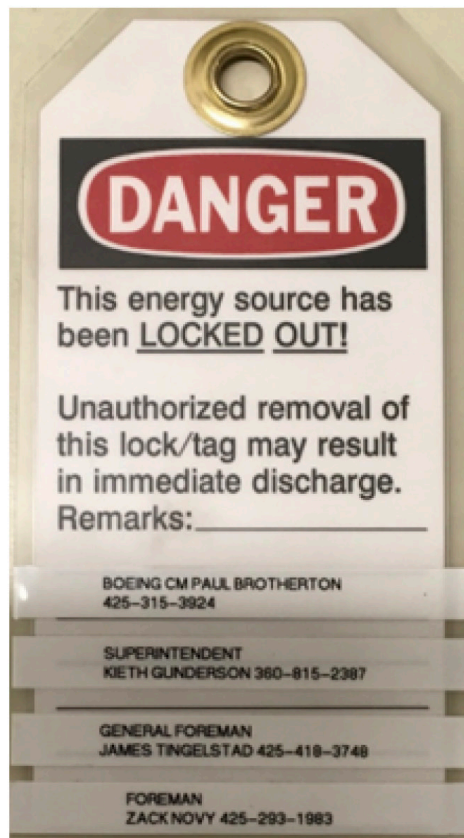

- Every project will have a project specific LOTO plan
- Verify a zero energy state on all systems prior to work
- All projects will have a salaried Kiewit employee designated as the project LOTO authority
- For more information, talk to your foreman / superintendant

PETE'S FIELD NOTE

This is about all stored energy. Stored energy is in all different forms. Take the time to identify stored energy within your operation.
