

FALL PROTECTION RESCUE GUIDE

This guide is the standard for providing the best rescue devices for our employees working in fall arrest gear. Equipment in this guide is recommended to be purchased and used on Kiewit projects. Any deviation must be approved by the District Safety Manager.

FALL PROTECTION RESCUE DEVICE RECOMMENDED LIST

As detailed in this guide, only DBI, 3M, or Protecta rescue equipment is allowed on our projects. Using rescue equipment not on the recommended list requires approval from the District Safety Manager.
