

EVERYDAY MATERIAL HANDLING HAND PLACEMENT

EVERYDAY MATERIAL HANDLING

KEEP YOUR HANDS IN THE RIGHT PLACE

STRAPPING LOADS

When using tie downs make sure to keep your fingers out of the pinch zone behind the latch.

Keep hand on live end and tighten as needed.

EVERYDAY MATERIAL HANDLING

KEEP YOUR HANDS IN THE RIGHT PLACE

FOLDING LADDERS

Keep hands away from the pinch point when folding up for storage or to move.

EVERYDAY MATERIAL HANDLING

KEEP YOUR HANDS IN THE RIGHT PLACE

PIPE

Recognize the pinch point and keep hands away. May not be a heavy flange but when or if you drop the pipe, it will pinch your fingers.

EVERYDAY MATERIAL HANDLING

KEEP YOUR HANDS IN THE RIGHT PLACE

HEAVY MATERIAL

When grabbing an awkward piece of a material keep your hands out from the line of fire.

EVERYDAY MATERIAL HANDLING

KEEP YOUR HANDS IN THE RIGHT PLACE

CRUSH POINT

End of formwork can have potential to get caught between material.
