

RIGGING HAND PLACEMENT

RIGGING

KEEP YOUR HANDS IN THE RIGHT PLACE

SYNTHETIC RIGGING

As the crane snugs up on it, is my hand in the line of fire?

Is the signal man really looking out for me?

Signal and rig at same time?

RIGGING

KEEP YOUR HANDS IN THE RIGHT PLACE

RIGGING PANELS

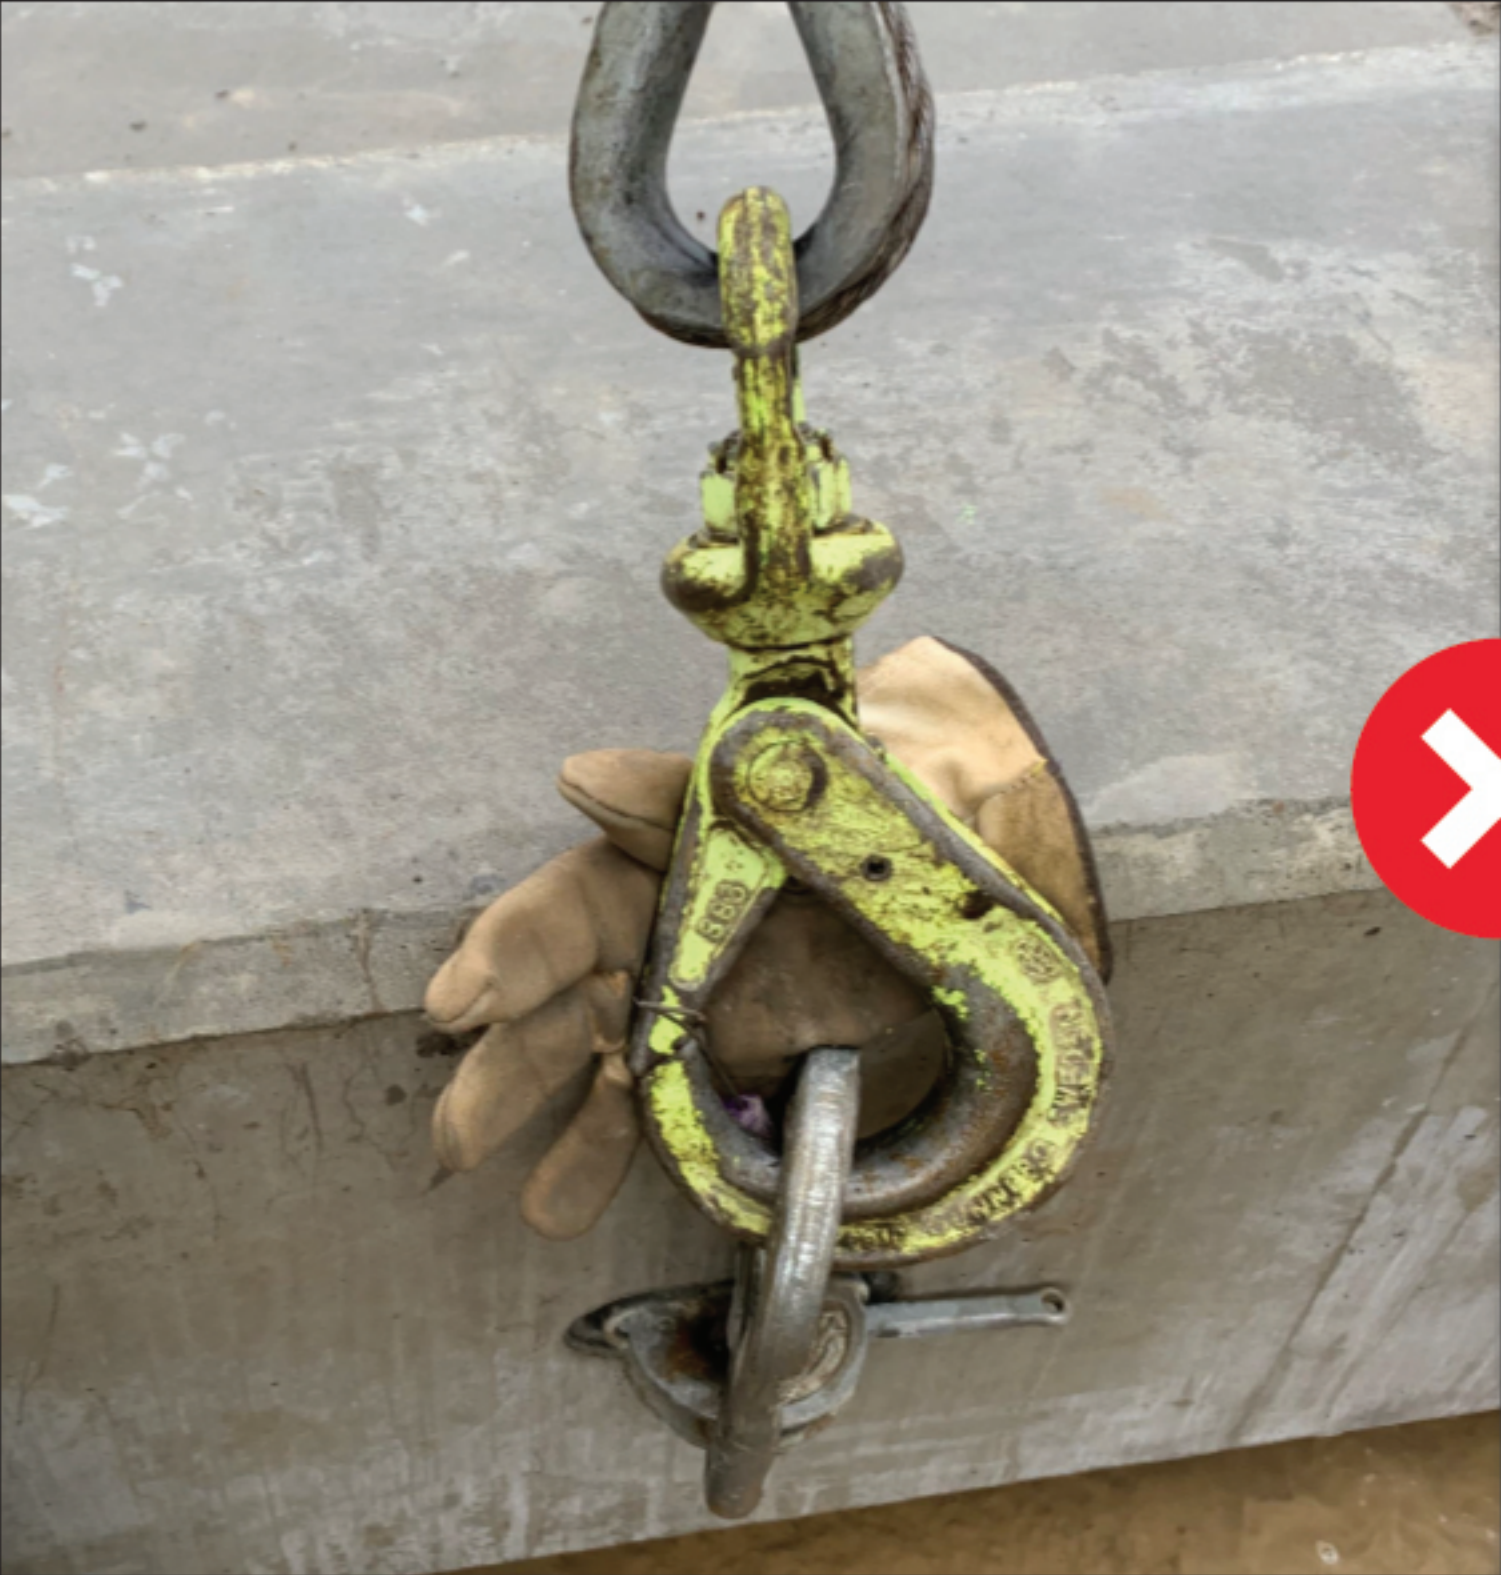

PINCH / CRUSH POINT

*Keep hands and
fingers away from the
connectors when using
rigging.*

RIGGING

KEEP YOUR HANDS IN THE RIGHT PLACE

RIGGING

CRUSH POINT

Hold the wire rope high enough to eliminate the hazard.

RIGGING

KEEP YOUR HANDS IN THE RIGHT PLACE

**TAGLINES /
ROPE**

PINCH POINT

***NEVER** wrap a rope
or and tag line around
your hand or body.*

*If using a tag line,
make sure your eyes
stay on it until it is
above your chest
to avoid snags
or it catching on
something.*
